---

## PROFESSIONAL SUMMARY

---

Platform and DevOps Engineer with 4+ years of experience owning infrastructure end-to-end - from edge device provisioning to cloud-native Kubernetes platforms. AWS SAA and CKA certified. Specializes in microservices migrations, GitOps automation, AI-driven pipelines, and full-stack platform delivery. Proven ability to architect, build, and operate production systems independently across cloud, edge, and air-gapped environments.

## TECHNICAL SKILLS

---

**Cloud & IaC:** AWS (SAA, CCP certified) · GCP · Terraform · Ansible · CloudFormation · Terragrunt  
**Kubernetes & GitOps:** CKA certified · K3s · EKS · Helm (umbrella/subcharts) · FluxCD · ArgoCD · Rancher  
**CI/CD & DevSecOps:** GitHub Actions · Jenkins · Trivy · SAST · Xray · Shift-left strategies  
**Containers & Microservices:** Docker · Legacy migrations · Multi-arch builds (amd64/arm64)  
**AI & Agentic Systems:** Claude & Gemini APIs · n8n · Qdrant · AWS Bedrock · RAG pipelines  
**Observability:** Prometheus · Grafana · ECK-Stack · CloudWatch  
**Databases & Events:** PostgreSQL/PostGIS · MySQL · DynamoDB · Kafka · SQS · SNS · Lambda  
**Networking & Security:** CCNA · Nginx · VPC/Subnets · IAM · Cognito · SSO · fail2ban  
**Languages:** Python · Bash · Go · Groovy

## EXPERIENCE

---

### Platform & AI Infrastructure Engineer | [Polus Tech](#)

Jan 2026 - Present

- Led full legacy migration of an edge intelligence platform from systemd-based services to a 13-microservice K3s cluster - Helm umbrella/subchart architecture with FluxCD GitOps, deployed across multiple customer sites.
- Designed and built event-driven data collection subsystem for air-gapped edge devices; engineered per-unit provisioning automation with Ansible (secrets injection, FluxCD bootstrap, K3s setup).
- Architected AI-Ops ingestion pipeline using n8n, S3 event triggers, and RAG-ready Markdown output; integrated closed-loop monitoring with CloudWatch and DynamoDB for query confidence logging.
- Delivered new microservices end-to-end: UDP telemetry consumer, SSH-based board passport generator (CronJob), TCP-to-REST bridge - each as fully versioned Helm subcharts published to ECR OCI registry.

### Platform Engineer - Full-Stack Product | [Confidential Client](#)

Apr 2026 - Present

- Architecting and building a full-stack web platform from scratch: frontend, backend API, and microservices decomposition with independent CI/CD pipelines per service.
- Kubernetes/Helm umbrella-subchart deployment for scalable, modular rollouts; embedded Prometheus/Grafana monitoring and BI dashboards.
- Owning authentication layer (JWT/OAuth2), infrastructure-as-code, and all platform operations.

### DevOps Engineer - Professional Services | [Confidential](#)

Aug 2025 - Jan 2026

- Designed and delivered agentic workflow automation and AI-driven event processing solutions for clients.
- Performed cloud migrations (on-prem to AWS) and resolved performance/connectivity issues in large-scale Kubernetes deployments.
- Built autonomous chatbot architecture roadmaps for organizations.

### DevOps Support Engineer | [JFrog](#)

Apr 2024 - Aug 2025

- Specialized in Kubernetes, Helm, and AWS deployments with Artifactory at the center of enterprise CI/CD pipelines.
- Resolved complex network and storage bottlenecks in enterprise environments; maintained high resolution rates on mission-critical tickets.
- Led FinOps initiatives using AWS Organizations and tagging - identified and eliminated 80% of waste, reducing monthly cloud spend by 30%.

- Applied DevSecOps practices: JFrog Xray for automated vulnerability scanning and license compliance.

### **DevOps Trainee** | [Develeap Bootcamp](#)

Jul 2023 - Jan 2024

- 900-hour intensive program: Terraform, Ansible, CloudFormation, Python, Bash, Docker, Kubernetes, Jenkins, GitHub Actions, and AWS (SAA certified). CKA certified.

## **CERTIFICATIONS & EDUCATION**

---

**Certifications:** AWS CCP · AWS SAA · CKA (Certified Kubernetes Administrator)

**Education:** Develeap DevOps Bootcamp (900 hrs) · CCNA Formal Training (100 hrs) · Master of Music, Jerusalem Music Academy · BA Music Education, Jerusalem Music Academy
